

RLC-PB

Remote Lane Controller-Push Button

Orion Entrance Control, Inc., offers a variety of accessories to best complement your individualized security needs.

Remote Lane Controller-Push Button RLC-PB allows security personnel access to lanes via a desk top controller. A light indicates lanes in alarm and allows security to acknowledge alarms, grant visitor access, disables lanes, and can be used to change lane functions.

The colors presented herein are illustrative only. Orion Entrance Control, Inc., reserves the right to change product specifications without prior notice.
